# Battle on Kamino

27 1 7

## Chapter 1 by Andrew Hartmann

I looked to my right, then my left. All I saw was line of clone soldiers. I don't know why, but the droid army was attacking Kamino. Dreadful planet I say. Just a flooded wasteland with cities built above the water. Always raining.

Always.

The Jedi council assigned me to protect one cloning facility where the republic was making a clone army to fight the war. I could care less about the stupid clones. But a Jedi is always loyal to the council, so here I am.

The first droid gunship arrived and lands.

I activated my lightsaber as the doors of the gunship opened. Ah, the zapping sound of a lightsaber turning on, and the neon glow of the blue light that shimmers of the blade, makes me feel good. As waves of battle droids advanced from the gunship, I heard the clones around me yell "FOR THE REPUBLIC!" A ready my saber and lunge at the droids.

## Chapter 2 by Andrew Hartmann

A droid punches me in the face and then proceeds to shooting me into the ground. I guess I wasn't as qualified to doing this as I thought.
